

## DEFENSE LOGISTICS AGENCY

DLA AVIATION PHILADELPHIA  
700 ROBBINS AVENUE  
PHILADELPHIA, PENNSYLVANIA 19111-5098

### MEMORANDUM FOR THE RECORD

SUBJECT: Amendment 3 to the Class Justification and Approval (J&A) for Other Than Full and Open Competition, Contract SPRPA1-14-D-002U

DLA Aviation currently acquires sole source consumable parts, Depot Level Repairables (DLRs) and performance based supply chain management support of aircraft and systems manufactured by The Boeing Company under the Boeing Captains of Industry contract, SPRPA1-14-D-002U. The initial requirement was awarded 17 September 2014 with a priced five year base period and one unpriced option period of five years. The contract covers all sole source consumables, DLRs and Depot level support for Boeing platforms including the AV-8B, C-17, CH-47, F/A-18, F-15, KC-135, B-52, B-1, E-3, AGM-84, AGM-86 and P-8 programs. As explained in original Class J&A (attached), the support includes wholesale supply chain management and logistics support, inventory management, maintenance planning, configuration management and sustaining engineering associated with these end items. Amendment 2 to the Class J&A authorized the repair to the aforementioned Boeing platforms where it is considered advantageous by the customer.

This amendment to the Class J&A authorizes the addition of the E-6 aircraft program to the above list of covered platforms for the remaining term of the contract base period and the option period, if exercised. The estimated total dollar value of E-6 aircraft support over the performance period is (b) (6), which covers aircraft on ground maintenance support/emergent repair requirements. The total of the E-6 program in combination with the estimated total dollar value of the most recent J&A (b) (5), brings the total estimated dollar value of requirements covered by this approval to (b) (5). Actual requirements for the additional scope will be negotiated and added to the basic contract at a later date. Individual requirements will be certified sole source to the Boeing Company and synopsisized in accordance with FAR 5.201, as appropriate. Items may be proposed by the contractor as commercial or military unique. The Contracting Officer will determine that the cost to the Government is fair and reasonable in accordance with FAR 15.404-1 for any requirements added under this scope.

I therefore determine that the anticipated cost to the Government will be fair and reasonable.
